SUBJECT: Unclassified Conditional Use Permit No. 3793 & Initial Study No. 8573

APPLICANT: Virpal K Nijjar

DUE DATE: **May 7, 2024**

The Department of Public Works and Planning, Development Services and Capital Projects Division is reviewing the subject application proposing to allow an event venue on an existing 36.27-acre parcel. The subject property is located within the AE-20 (Exclusive Agricultural, 20-acre minimum parcel size) Zone District.

The subject parcel is located on the southwest corner of east Mountain View Avenue and California Highway 43, approximately 1.25-miles west from the City limits of the City of Selma. (385-102-08) (8935 E. Mountain View Avenue) (Sup. Dist. 4).

The Department is also reviewing for environmental effects, as mandated by the California Environmental Quality Act (CEQA) and for conformity with plans and policies of the County.

Based upon this review, a determination will be made regarding conditions to be imposed on the project, including necessary on-site and off-site improvements.

We must have your comments by **May 7, 2024**. Any comments received after this date may not be used.

If you do not have comments, please provide a “NO COMMENT” response to our office by the above deadline (e-mail is also acceptable; see email address below).

Please address any correspondence or questions related to environmental and/or policy/design issues to me, Alyce Alvarez, Planner, Development Services and Capital Projects Division, Fresno County Department of Public Works and Planning, 2220 Tulare Street, Sixth Floor, Fresno, CA 93721, or call (559) 600-9669, or email alyalvarez@fresnocountyca.gov

The Special Event Center

Operational Statement

Prepared by VK Nijjar Farms LLC

8935 E Mountain View Ave

Selma, CA 93662

559-916-3625

Sim0350@yahoo.com

I. Executive Summary

The Special Event Center will be established as a wedding/ event venue.

Location: 8935 E Mountain View, Selma, California 93662

Property access is off of Highway 43 and Mountain View Avenue

Property Owner: VK Nijjar Farms LLC (Owned by Virpal Nijjar)

Business Description

The Special Event Center is a wedding/event center surrounded by beautiful vineyards in the center of a farm. The venue offers a unique approach to a variety of events such as wedding receptions, engagement parties, school dances and many more social events hosted by all industries. The hall itself will offer many different options for the specific events that take place in it as will the outside social area. Virpal Nijjar will be the onsite owner-operator of the venue and vendors will be contracted depending on the event that is taking place. There will be no employees. The client contract establishes the rules and guidelines for all events.

Mission

The Special event center will host and provide exceptional services for any event ranging from wedding receptions, engagement parties, corporate meetings, etc., to the upmost satisfaction of the client.

II. Business Summary

Industry Overview

Event Centers are highly in demand to hold events/ celebrations for every type of client.

Consumers focus on mid to large size event centers to host personal and public events that can offer memorable experiences.

Business Goals and Objectives

Short Term:

Establish that The Special Event Center is the absolute best venue to host any type of event at. We want to book events both inside and outside on the weekends. Events would be held both inside and outside and if there is capacity both inside and outside venues can be used at the same time for two separate parties.

Long Term:

Host events throughout the week and bring the “community” together for social events. Possibly expand the entire venue itself if the business keeps growing.

Operational Time Limits

The Special Event Center will be open all year long (12months) depending on if an event is booked or happening due to a certain Holiday. Events will take place Friday – Sunday. We understand that events

will take time to set up so hours will range from 10am to 10pm. Customers will have the event center for 12 hours on the day of their event. All hours will be for both Indoors and Outdoors.

Months: 12 (All Year Long)

Days Per week: 3 (Friday – Sunday)

Hours: 10:00am – 10:00pm (Indoor/Outdoor)

Total Hours Per Day: 12hours (Indoor/Outdoor)

Number of Customers or Visitors

At the Special Event Center guest will be based on the size of the event that is hosted. Guests will be determined per event rather than day although it can be the same thing. The absolute maximum number of guests allowed will be 500. Hours for The Special Event Center will depend on the event. It can be a morning event or an evening event so hours will depend on which type of event.

Average number per day: 250

Maximum number per day: 500

Hours: 10:00am – 10:00pm

Number of employees

The Special Event center will not have any employees.

- 3rd party Vendors will be hired by the Host of the event to make sure everything is in order for their event. We will provide a list of Vendors but also allow the Host to choose Vendors of their choice.
- The Special Event Center will have a list of vendors. A copy of each vendor's liability insurance declarations page is required on file in our office prior to the event date. Single event liability insurance is required for any vendor not having a liability insurance policy.
- We are here to help with your event. We will coordinate with your vendors with questions regarding the venue electricity, water, parking, toilet placement, dumpster area, etc.

Service and Delivery Vehicles

The Special Event Center will not have any means of transportation so guests will have to make their own accommodations for travel to the event and back home.

Access to the Site

There are two existing driveway approaches from W. Mt. View Ave and S. Highland Avenue (Hwy 43) Access to the site will be from the proposed driveway located to the east ¼ mile south of the existing residences and illustrated on the project site plan. A second access is also shown on the attached site plan which is located on W. Mt. View Avenue north side of the property. This access will be used for overflow. The highest trip generation periods for the proposed project will be on the weekends.

Number of parking spaces for employee, customers, and service/delivery vehicles

There will be a total of 170 parking stalls, and all of these will be both for guests and vendors. We will leave parking spots specifically for vendors so that it can be easier for them to setup and pack things at the end of the event. All other spots will be for guests and in the future if more parking is required, we will accommodate. Asphalt will be used to construct the parking lot.

Are any goods to be sold on-site?

No goods will be sold on site. As stated prior, Vendors will be hired for their services and will serve the Guests. No outside goods will be allowed to be sold.

What equipment is used?

Typical yard maintenance equipment will be used. All other site maintenance will be performed by contractors called to the site.

What supplies or materials are used and how are they stored?

No special supplies or materials are required for the project. Any specialty supplies or materials will be brought to the site by contractor/suppliers or caterers.

Does the use cause an unsightly appearance?

Noise: There should be no noise concerns as the event center is being built on a farm that has no surrounding neighbors. The indoor venue will have no concerns and if there is an outdoor event there will also be no concerns as no one is nearby where construction will be made.

An outdoor sound amplification system will be provided as necessary for events. The area surrounding the project site is predominately agricultural and rural residential land uses. The closest off-site residential land uses are approximately 200 feet to the west and east and approximately 350 feet to the south. See Figure 1 for more details. The sound amplification system will be directed away from surrounding residences which are located to the east and west of the subject site. Various noise mitigation measures have been developed by acoustical consultants, WJV Acoustics Consultants, Inc. A noise control plan will be established to mitigate any noise disturbance and to keep the proposed use compliant with Fresno County noise standards. The noise plan will consist of the following:

1. Instrumentation: Monitoring of instrumentation that will be conducted by event center staff. Monitoring will be done by using a sound level meter that meets the American National Standards Institute to confirm compliance with the Fresno County noise ordinance.
2. Training: Event center staff will be trained to conduct noise monitoring during the events using the noise monitoring equipment.
3. Reference Noise Monitoring Sites: The applicant will use the reference noise monitoring sites indicated on Figure 1 to conduct appropriate noise monitoring during events. The applicant will maintain record of noise monitoring for compliance purposes.
4. Noise Monitoring Schedule: The applicant will monitor amplified outdoor activity immediately after amplification system is put into operation and periodically thereafter. If it is determined that noise levels exceed the appropriate noise levels, then modifications to the amplification system will be made until noise levels are compliant to Fresno County noise standards.
5. Sound Amplification System: Event center staff will have control over the use and volume of the sound amplification system provided by the event center during an event. Staff will have the ability to adjust amplification settings at any time prior to and during activities utilizing amplified speech and music to assure compliance with the Fresno County noise ordinance.

The applicant will instruct event center staff to incorporate the Noise Control Plan prepared by WJV Acoustics Consultants, Inc. to ensure compliance with the applicable Fresno County daytime, 7:00AM to 10:00PM noise level standards. Additionally, no amplified speech or music will occur during the nighttime hours, 10:00PM to 7:00AM. All amplified speech and music will conclude by 10:00PM. All events will be subject to monitoring by the staff of the facility to ensure that noise levels are not exceeded.

Glare: There is no concern for glare as anything to do with flashing lights will be in the inside venue. The outside venue will have only small lights to light up the area and in the case of there needing to be additional lighting any glare would not be an issue as stated before that nothing is in the proximity of any disturbance. Parking lot and event lighting utilize hooded light fixtures. All lighting will be directed to not annoy nearby property owners. On-site lighting is installed in zones so only those areas in use will be lit.

Dust: Professional landscapers will be hired and there will be no dust involved in our project at all. We understand that there are farms around the Special Event Center, however it will be strategically placed and built to where dust will not be able to reach it.

Odor: There is no concern for odor, we will hire cleaning companies for before and after each event. We take pride in cleanliness and believe that it will be a huge factor to our success. There will be no odor concerns to surrounding areas as everything will be cleaned timely and appropriately.

Estimated Volume of Wastes:

The quantity of solid waste generated by the facility will be determined by the number and size of events that occur in a week. However, it is anticipated that the maximum quantity will not exceed 5 cubic yards a week.

How and where is it stored:

Existing restroom is served by one existing 1,000-gallon septic tanks and leach fields. The tank is located North of the existing residence which serves the existing house. The Proposed event center building will have its own County of Fresno approved septic system.

How is it hauled, and where is it disposed:

How often: The facility is currently, and will continue to be, served by a private waste hauler who will use its own waste containers to pick up waste every month.

Estimated volume of water to be used (Gallons per day)

There is a 50 gallon per minute water well with 1 storage tank of 2,500 gallons each located on the west side of the property and shown on the attached site plan. The well provides water for domestic use, as well as for landscaping. The well is adequate to meet the needs of the proposed use.

Source of water:

Existing well

Advertising:

One sign at the entrance of the park is proposed. The sign will be approximately 4' X 6'. The applicant will place traffic control signs on S. Highland Ave at the time of the event. Proposed signage will be per Fresno County sign standards.

New Buildings will be constructed:

Yes. A proposed 10,000 sq. ft. metal building will be used for indoor events and when the elements do not allow for an outdoor event.

Portions that will be used in the operation:

A proposed 10,000 sq. ft. metal building and approximately 8,000sq. ft of outdoor lawn area designed to be landscape tied in to proposed new building.

Outdoor lighting & Sound Amplification

Due to the site's size, location and topography, the use will not have any significant impact on the surrounding properties. There will be a limited number of outdoor lighting fixtures required to hold events during the evening hours. Lighting is hooded to direct lighting on-site and away from adjacent properties. The site lighting is a combination of low voltage and standard voltage lighting. All lighting will be directed to not annoy nearby property owners. On-site lighting will be set up in zones so only those areas in use will be lit as needed.

Landscaping & Fencing

New professional architect design landscaping will be connected to the new 10,000sq. ft event building. The property is surrounded with existing grape vineyards, the new proposed approximate 200'ft length by 15'ft wide driveway that leads to the approximate 2.5-acre event center location will have a gate entrance from Mt. View Ave entrance and the S. Highland Ave main entrance both gate entrance meeting the County of Fresno standards.

NOTICE AND ACKNOWLEDGMENT

INDEMNIFICATION AND DEFENSE

The Board of Supervisors has adopted a policy that applicants should be made aware that they may be responsible for participating in the defense of the County in the event a lawsuit is filed resulting from the County's action on your project. You may be required to enter into an agreement to indemnify and defend the County if it appears likely that litigation could result from the County's action. The agreement would require that you deposit an appropriate security upon notice that a lawsuit has been filed. In the event that you fail to comply with the provisions of the agreement, the County may rescind its approval of the project.

STATE FISH AND WILDLIFE FEE

State law requires that specified fees (effective January 1, 2023: \$3,839.25 for an EIR; \$2,764.00 for a Mitigated/Negative Declaration) be paid to the California Department of Fish and Wildlife (CDFW) for projects which must be reviewed for potential adverse effect on wildlife resources. The County is required to collect the fees on behalf of CDFW. A \$50.00 handling fee will also be charged, as provided for in the legislation, to defray a portion of the County's costs for collecting the fees.

The following projects are exempt from the fees:

1. All projects statutorily exempt from the provisions of CEQA (California Environmental Quality Act).
2. All projects categorically exempt by regulations of the Secretary of Resources (State of California) from the requirement to prepare environmental documents.

A fee exemption may be issued by CDFW for eligible projects determined by that agency to have "no effect on wildlife." That determination must be provided in advance from CDFW to the County at the request of the applicant. You may wish to call the local office of CDFW at (559) 222-3761 if you need more information.

Upon completion of the Initial Study you will be notified of the applicable fee. Payment of the fee will be required before your project will be forwarded to the project analyst for scheduling of any required hearings and final processing. The fee will be refunded if the project should be denied by the County.

I. Executive Summary

The Special Event Center will be established as a wedding/ event venue.

Location: 8935 E Mountain View, Selma, California 93662

Property access is off of Highway 43 and Mountain View Avenue

Property Owner: VK Nijjar Farms LLC (Owned by Virpal Nijjar)

Business Description

The Special Event Center is a wedding/event center surrounded by beautiful vineyards in the center of a farm. The venue offers a unique approach to a variety of events such as wedding receptions, engagement parties, school dances and many more social events hosted by all industries. The hall itself will offer many different options for the specific events that take place in it as will the outside social area. Virpal Nijjar will be the onsite owner-operator of the venue and vendors will be contracted depending on the event that is taking place. There will be no employees. The client contract establishes the rules and guidelines for all events.

Mission

The Special event center will host and provide exceptional services for any event ranging from wedding receptions, engagement parties, corporate meetings, etc., to the utmost satisfaction of the client.

II. Business Summary

Industry Overview

Event Centers are highly in demand to hold events/ celebrations for every type of client.

Consumers focus on mid to large size event centers to host personal and public events that can offer memorable experiences.

Business Goals and Objectives

Short Term:

Establish that The Special Event Center is the absolute best venue to host any type of event at. We want to book events both inside and outside on the weekends. Events would be held both inside and outside and if there is capacity both inside and outside venues can be used at the same time for two separate parties.

Long Term:

Host events throughout the week and bring the "community" together for social events. Possibly expand the entire venue itself if business keeps growing.

III. Marketing Summary

Event Strategy

An event size can range anywhere from 50 to 500 guests

The Special Event Center can accommodate any size event that is allowed

One stop planning with our venue preferred Vendor list

On site coordinator for events

Access hours 9am – 11:59pm (Final clean up can be arranged for next day if needed)

Venue Facilities Guideline Contract (attached): addresses, vendors, deliveries, property use, hours, and insurance requirements.

Competition

Customers make choices based upon their desires for the special event they want to host. There are very few venues that can host all types of events in one hall and very few venues surrounded by vineyards in our area.

The Special Event Center offers:

Optional Ceremony Areas

Restrooms

Parking Lot

One stop shopping with established vendors

Surround Sound Systems

Services

This is just not any ordinary venue that just wants to book events to stay in a profitable business. We want to have an unmatched experience that will leave a lifetime memorable moments for our clients while upholding the upmost top-tier service.

Operational Statement Addendum

The Special Event Center Contract and Facility Guidelines

Please thoroughly read and sign the contract and facility guidelines

Rental

- The rental period is 9:00am to 11:59pm. This includes set-up time by client/caterer. Additional charges apply if additional set-up time is needed.
- A non-refundable initial payment of 25% will be required at the time of booking to hold your date.
- The remaining balance due and \$500 security deposit are due 30 days prior to the scheduled event.
- In the event there is damage to the property and/or excessive cleaning is needed following your event, the client understands that the security deposit on file will be used to cover these expenses. This applies to all areas of the facility, including grounds. The client further agrees to assume responsibility for the cost of damage above and beyond that of the security deposit.
- The \$500 Security Deposit will be refunded after the event provided the facility is left in good condition and requires no excessive cleaning beyond normal use.

Consultants/Directors/Caterers/ Other Vendors

- The Special Event Center will have a list of vendors. A copy of each vendor's liability insurance declarations page is required on file in our office prior to the event date. Single event liability insurance is required for any vendor not having a liability insurance policy.
- We are here to help with your event. We will coordinate with your vendors with questions regarding the venue electricity, water, parking, toilet placement, dumpster area, etc.
- We will provide restrooms to accommodate number of guests (3-6 stalls men and women are recommended). ADA compliant facilities.

Alcoholic Beverages

- You must provide your own alcoholic beverages, however there will be a venue bar once permits are acquired. Bartenders provided by the caterers or venue are permitted to serve alcoholic beverages. Self-serve alcohol is NOT permitted. Brown bagging is illegal and strictly prohibited.
- Alcoholic beverages may not be served at any function after 11pm, unless otherwise pre-approved.
- Clients are responsible for monitoring the alcohol consumption and behavior of the guests. If this policy is not followed, The Special Event Center reserves the right to end any event immediately!
- Provide bottled water for guests.

Smoking

- **Smoking inside structures is strictly prohibited.** A cleaning fee or a held deposit will be assessed if this rule is not strictly adhered to.
- Smoking is permitted outside only. Please do not discard butts anywhere on the premises. Containers will be provided throughout the property for this purpose.

Music

- Live music and/ or DJs are acceptable.
- Music must stop at 11:59pm

Property

- Violations of county noise ordinances and any damage to the structures and/or property are the responsibility of the client.
- Furniture and accessories may be moved with prior permission.

Rehearsal

- Rehearsal time is available the day before the event but must be scheduled so it will not interfere with any other event. Please contact The Special Event Center before setting your rehearsal time.
- In case an event is scheduled for the day/night before your event, you will need to hold your rehearsal at an agreed time and day/evening.

Parking

- Self-Parking is available for all guests in front of the venue.
- Senior Citizens and disabled persons may be dropped off at the main entrance.
- Please take caution when entering and leaving the property. This is for the safety and protection of children, guests, and all other people.

Florists/Rentals/Decorations

- Client decorations are to be removed and all areas returned to their original condition at the end of their event.
- The Special Event Center is not responsible for any rentals and/or personal items left overnight.

Set up/Tear Down/Cleaning

- The rental period of 9:00am to 11:59pm includes client set-up and breakdown time.
- The caterer/decorator is responsible for set up, breakdown, cleaning the food areas and cleaning inside the venue as well as removing trash from inside the venue. Trash will be placed in the provided dumpster.
- Clients resume the responsibility for clearing the premises of all personal items brought for the event. Personal property may not be left overnight. There is no storage available at the venue.
- In the event an additional cleanup is needed, please plan with your assigned contact.
- Please notify The Special Event Center of any damages to the property immediately.

Photography

- A time for your photos is included in our packages. Photo sessions are by appointment only and may be taken anywhere on the grounds.
- I grant The Special Event Center the right to take photographs of me and my family in connection with the above-identified event. I authorize The Special Event Center, it assigns, and transferees to copyright, use and publish the same in print and/or electronically. The Special Event Center may use such photographs of me with or without my name and for any lawful purpose, including for example such purposes as publicity, illustration, advertising, web content and social media.

General Behavior and Conduct

- Clients and guests are to always conduct themselves in a responsible manner, conforming to all state and federal laws, county ordinances and all facility rules and regulations.
- Client hereby agrees to defend, indemnify, and hold The Special Event Center, and its agent from and against any and all claims, demands, causes of action, damages, liability, judgments, loss, costs and expenses, including attorney's fees and expenses of investigation, which may be suffered or incurred by any of them, or which may be claimed or alleged against any of them by any person or entity, arising out of, based upon or related to any injury or alleged injury, including death, of any person or property of The Special Event Center and its members, agents, contractors, and sub-contractors, out of the clients event or its use or occupancy of The Special Event Center or such property.

Cancellations

- Once you have contracted with The Special Event Center for your event, that time and space is no longer available to other potential customers. If you need to reschedule your event, we will work with you to find another available date that will work for you.
- We regret we are unable to refund your deposit.

I hereby acknowledge that I am the responsible person representing the wedding party I have read this document and its entirety and understand the Facility Guidelines for The Special Event Center and that these guidelines are an integral part of my contract with The Special Event Center.
