**CAUTION!!! - EXTERNAL EMAIL - THINK BEFORE YOU CLICK**

Hello,

The CA Department of Fish and Wildlife did not provide a draft streambed alteration agreement for your review by the deadline of May 10, 2021, your project is authorized to proceed by operation of law (oplaw). This means your project can be constructed as described in your notification of lake or streambed alteration (Notification No. EPIMS-FRE-14726-R4). This includes the project term, begin and end dates for construction, and all avoidance and minimization measures for wildlife included in the notification, attachments, and email correspondence. Correspondence in EPIMS will follow, but you do not need anything further from CDFW to begin your project. Note that projects authorized by oplaw are not eligible for extension or amendment. Please contact [R4LSA@wildlife.ca.gov](mailto:R4LSA@wildlife.ca.gov) if you have any questions regarding the oplaw status of your project.

Thank you,

**Veronica Salazar**

Good afternoon Jim,

Hope all is well.

Fresno County submitted a Notification of Lake or Streambed Alteration for the subject Project on December 17, 2020, which was deemed complete on March 10, 2021. Since the 60-day review period ended on May 10, 2021, I wanted to follow up with you to see if there are any updates regarding the status of this Notification?

Thank you,
