EXHIBIT A

Initial Study Application No. 6888
Classified Conditional Use Permit Application No. 3478

Public Hearing dated November 19, 2015

Staff: The Fresno County Planning Commission considered the Staff Report dated November 19, 2015, and heard a summary presentation by staff.

Applicant: The Applicant's representative agreed with the Staff Report; however, he disagreed with the Irrevocable Offers of Right-of-Way Dedication for McKinley Avenue and Blythe Avenue being required as Mitigation Measures for the project. He described the project and offered the following information:

- The proposed temple will be independently operated by the Applicant, and will not be affiliated with other Buddhist Temples in the area.
- The temple may expand in the future; however, the Applicant will apply for the necessary permits to authorize any such expansion.
- The Applicant is not comfortable with losing land from the subject parcel through the Mitigation Measures requiring right-of-way dedications for Blythe Avenue and McKinley Avenue.

Others: No other individuals presented information in support of or in opposition to the application.

Correspondence: No letters were presented to the Planning Commission in support of or in opposition to the application.

Public Hearing dated March 24, 2016

Staff: The Fresno County Planning Commission considered the Addendum Staff Report dated March 24, 2016, and heard a summary presentation by staff.

Applicant: The Applicant's representative agreed with the Addendum Staff Report and the recommended Conditions. He described the project and offered the following information:

- A paved parking area was improved on the east side of the existing residence in order to provide temporary off-street parking for the proposed facility while the Applicant pursues approval of the proposed land use.
- The Applicant recently hosted a New Year Celebration at the project site which probably motivated the easterly-adjacent neighbors to provide the late correspondence in opposition to the project.

RESOLUTION NO. 12563

- The Applicant has plans to address the concerns identified by the easterly-adjacent neighbors in their late correspondence opposing the project, including improvements to the perimeter fencing so as to keep the on-site guard dog contained on the subject parcel.
- Although more than 40 people have visited the subject parcel for events such as the recently-hosted New Year Celebration, no more than 40 people have visited the subject parcel at the same time.

Others:

No other individuals presented information in support of the application, and one individual presented information in opposition to the application, citing:

- The subject parcel is not adequately secured, which allows the on-site guard dog to cross onto neighboring properties.
- People visiting the subject parcel park off site, along Blythe Avenue and McKinley Avenue.
- The subject parcel is not large enough to accommodate the number of people visiting.
- The Applicant has utilized a tent to host outdoor services at the subject parcel.
- The Applicant should construct a block wall around the perimeter of the subject parcel.

Correspondence:

No letters were presented to the Planning Commission in support of the application, and one letter provided as late correspondence was presented to the Planning Commission in opposition to the application.
