## Reporting and Documentation Requirements For H1N1 Vaccine Administration

**All doses of H1N1 vaccine administered to patients must be reported and documented according to federal requirements.** Health care providers can select a preferred system for reporting / documentation from one of two options listed below:

### Option # 1:

- California Immunization Registry (CAIR)  
CAIR is also known as the Central Valley Immunization Information System (CVIIS)

If your office is currently using the CAIR / CVIIS reporting system, please continue to do so. Data will be automatically extracted from this system for the federal database.

### Option # 2:

- CalPanFlu.org

Offices which utilize the CalPanFlu.org system must report weekly and must utilize their assigned PIN number. Click on the "**Report H1N1 Vaccine Usage**" link and enter the total number of doses administered during the previous week.

For additional information on the CAIR / CVIIS system or the CalPanFlu.org system or to receive assistance with implementation of one of these systems in your office, contact Isidro Fragoza, Fresno County Department of Public Health, at (559) 445-3550.
