3. The EMS Agency shall review the following prior to program approval:
 - a. Samples of written and skills examinations used for periodic testing
 - b. A final skills competency examination
 - c. A final written examination
 - d. Evidence that the program provides adequate facilities, equipment, examination security, and student record keeping

B. Faculty

The Course Medical Director shall be a currently certified Base Hospital Physician. The Course Coordinator shall have expertise and experience in prehospital care and base hospital medical direction. Instructors shall be qualified by experience or education in the specialty area in which they are instructing. A current resume for the Course Medical Director, Course Coordinator and each instructor shall be made available to the EMS Agency upon request.

C. Curriculum

Pending development of regulations by the California State EMS Authority, curriculum objectives shall be consistent with the curriculum utilized by the EMS Agency.

D. Program Approval

1. Program approval or disapproval shall be made in writing by the EMS Agency to the requesting training program within a reasonable period of time after receipt of all required documentation. This time period shall not exceed thirty (30) days.
2. The EMS Agency shall establish the effective date of program approval in writing upon the satisfactory documentation of compliance with all program requirements.
3. Program approval shall be for two (2) years following the effective date of approval and may be renewed every two (2) years subject to the procedure for program approval specified in this policy.

E. Program Review and Reporting

1. All program materials shall be subject to periodic review by the EMS Agency.
2. All programs shall be subject to periodic on-site evaluation by the EMS Agency.
3. Any person or agency conducting a training program shall notify the EMS Agency in writing within thirty (30) days of any change in course content, hours of instruction, course director, program medical director, provisions for hospital clinical experience, or field internship.

F. Withdrawal of Program Approval

Noncompliance with any criteria required for program approval, use of any unqualified teaching personnel, or noncompliance with any other applicable provision of this Policy may result in withdrawal, suspension, or revocation of program approval by the EMS Agency subject to the provision that an approved MICN training program shall have a reasonable opportunity to comply with this policy, but in no case shall the time exceed sixty (60) days.
