**ADVISORY**

The California Department of Mental Health is responsible to provide Outpatient Treatment through the Conditional Release Program. The Department has contracted for Outpatient Treatment to be provided to you by Liberty Healthcare/CONREP.

Also, if your Community Program Director believes that you are clinically in need of inpatient treatment and/or can no longer be safely treated in the community, you may also be hospitalized at either a state hospital or other designated facility. Your Community Program Director will be responsible to report your progress in the program and your compliance with these Terms and Conditions of Outpatient Treatment to the legal authority authorizing your Outpatient Treatment status.

If you are accepted into Outpatient Treatment, your treatment and supervision will be overseen by a Community Safety Team, which may consist of representatives of local law enforcement, a victim advocate, a polygrapher, and a specialized sex offender treatment provider. Your CONREP Community Program Director is chair and will facilitate this group. With the exception of law enforcement representatives, this group will freely exchange all information related to your treatment and supervision. By your initials here, you agree to provide any necessary written authorization to facilitate this exchange of information.
