

**Provider Meeting  
December 2, 2009  
11:30 AM**

**Highlights**

**I. State Report Cleanup**

Sent out instructions for CalOMS cleanup on 11/20/09 and correction is due by 12/11/09 to the State.

**II. JAG-OTP Application/Plan**

Prop. 36 is now JAG-OTP. Submitted application to receive JAG-OTP funds to fill void of Prop. 36. Reductions to staff positions have occurred to offset costs to program. These are one time funds. We will be going to the Board of Supervisors in January with contract reductions. Reporting will be required by providers which will be used as a federal tool for jobs. Timely reporting is critical, short turn around from close of Quarter to submission to State.

**III. Client Funded PC 1210 System (Prop. 36)**

Will be looking at a system similar to DUI services, fee based program. We will be scheduling a meeting in a few weeks for discussion.
