

Request for Exemption from Flow Control Requirement of the NEWHA Agreement

As provided in Paragraph IV. B, CONTRACTOR may apply to the Director of Public Works and Planning (Director) for an exemption from the Flow Control requirement. This application provides factual justification to support the requested exemption.

- Extreme economic inefficiencies attributable to geographical hardship
- CONTRACTOR owns or operates a landfill with history of timely and accurate reporting and payments
- CONTRACTOR has separate agreement with acceptable transfer station
- CONTRACTOR utilizes a Third-Party Transfer Station and a Third Party Landfill that meet all of the requirements detailed in section IV. A of the NEWHA Agreement
- Extenuating circumstances which are not encompassed by any of the above

Please provide the following information:

Name of landfill/transfer station to be used: _____

Owner (contact person/company): _____

Contact information (phone/email): _____

SWIS Number: _____

Please attach additional information (e.g. agreements and/or permits) to support this request.

Submitted by:
