

**Provider Meeting  
December 3, 2008**

**Highlights**

**SAIS UPDATE**

Testing has been ongoing with some providers to upload to SAIS. We are upgrading the system so that information is not entered twice. Aegis conducted the first test. HS Finance provided training on how to run denial reports (835). If enough responses for interest for the 832 training occurs, then HS Finance will conduct another group training. Currently, training is provided on an individual basis. Will have reports run so odd information will be corrected. The State will require in 2009 accurate reporting .

**RFP**

We will be looking at reports that are submitted by providers (CalOMS, DATAR) to make sure they are submitting on a timely basis and will be included this information as part of the RFP process. Residential RFP will be due January 5<sup>th</sup>. Outpatient RFP will be going out next week.

**COUNSELOR COMPETENCY SURVEY**

Survey's is available for programs to complete. Information will be used for training purposes.

**PREVENTION/EARLY INTERVENTION**

Funding is available through the Prevention Early Intervention under MHSA. Work groups are currently being formed and they will meet once a week for the next 6 to 7 weeks. Workgroups are broken down by:

- Psychosocial Impact from Trauma
- Stigma/Discrimination
- Suicide Risks

Dennis will provide meeting schedules and locations for any interested in participating.
