CONFLICT OF INTEREST CODE

The Political Reform Act (Government Code section 81000, *et seq.*) requires local government agencies to adopt and promulgate conflict-of-interest codes. The Fair Political Practices Commission has adopted Title 2 of the California Code of Regulations, section 18730, which contains the terms of a standard conflict-of-interest code and may be incorporated by reference in an agency's conflict of interest code. Therefore, the terms of 2 CCR section 18730 and any amendments to it adopted by the Fair Political Practices Commission are hereby incorporated by reference in this Conflict of Interest Code, and together with the attached appendices designating positions and establishing disclosure requirements shall constitute the Fresno County Board of Education (County Board) and the Fresno County Superintendent of Schools' (County Superintendent) Conflict of Interest Code.

The members of the County Board, the County Superintendent, and designated County Superintendent employees shall file a Statement of Economic Interest/Form 700 in accordance with the disclosure categories listed in the attached Appendix B. The Statements of Economic Interest for designated filers, other than the members of the County Board and County Superintendent, shall be filed with the filing officer, General Counsel. County Board members and the County Superintendent shall file their original Statements electronically directly with the Clerk of the Board for the Fresno County Board of Supervisors. General Counsel shall retain a copy of County Board members and County Superintendent's electronically filed Statements and the original Statements of designated filers and consultants in the Legal Services department and shall make the Statements available for public review, inspection, and reproduction. (Gov. Code section 81008.)

The provisions of all Conflict of Interest Codes and amendments thereto previously adopted by the County Board and the County Superintendent are hereby superseded.

This amended Conflict of Interest Code is adopted by the Fresno County Superintendent of Schools and the Fresno County Board of Education on May 17, 2018.

Disclosures for Third Party Consultants

On a case-by-case basis, the County Superintendent or his/her designee shall determine if a third party consultant is a "designated employee" who must disclose financial interests. When so identified, the County Superintendent or designee shall, in writing, provide a description of the consultant's duties and a statement of the extent of disclosure requirements based upon that description. All such determinations are public records and shall be retained for public inspection along with this Conflict of Interest Code.

For purposes of this section and for compliance with the Political Reform Act and 2 CCR section 18701, a consultant is defined as "an individual who, pursuant to a contract with County Board or County Superintendent, makes a governmental decision whether to:

1. Approve a rate, rule, or regulation;
2. Adopt or enforce a law;
3. Issue, deny, suspend, or revoke a permit, license, application, certificate, approval, order, or similar authorization or entitlement;
4. Authorize County Board or County Superintendent to enter into, modify, or renew a contract that requires County Board or County Superintendent approval;
5. Grant County Board or County Superintendent approval to a contract that requires County Board or County Superintendent approval and in which County Board or County Superintendent is a party, or to the specifications for such a contract;
6. Grant County Board or County Superintendent approval to a plan, design, report, study, or similar item; or
7. Adopt or grant County Board or County Superintendent approval of County Board or County Superintendent policies, standards, or guidelines."

A consultant also means an individual who, pursuant to a contract with County Board or County Superintendent, serves in a staff capacity with County Superintendent and in that capacity participates in making a governmental decision as defined in 2 CCR section 18702.2 or performs the same or substantially the same duties for County Board or County Superintendent that would otherwise be performed by an individual holding a position specified in this conflict of interest code. (2 CCR section 18701.)

Disclosures by Employees in Newly Created Positions

A newly created position that makes or participates in the making of decisions that may foreseeably have a material effect on any financial interest of the position-holder, and which specific position title is not yet listed in this Conflict of Interest Code, is included in the list of designated positions and shall disclose pursuant to the broadest disclosure category in the code subject to the following limitation: the County Superintendent or designee may determine in writing that a particular newly created position, although a "designated position," is hired to perform a range of duties that are limited in scope and thus is not required to fully comply with

the broadest disclosure requirements, but instead must comply with more tailored disclosure requirements specific to that newly created position. Such written determination shall include a description of the newly created position's duties and, based upon that description, a statement of the extent of disclosure requirements. County Superintendent's determination is a public record and shall be retained for public inspection in the same manner and location as this Conflict of Interest Code. (Gov. Code section 81008.)

Within 90 days of creating the newly created position that must file a Statement of Economic Interest, County Board and County Superintendent shall update this Conflict of Interest Code to add the actual position title in its list of designated positions and submit the amended conflict of interest code to the Fresno County Board of Supervisors, the code reviewing body of County Board and County Superintendent. (Gov. Code section 87306.)
