**At-A-Glance:**

A Summary of Congenital Syphilis in Fresno County (2017)

Points of Interest:

**Figure 1.** Congenital Syphilis Cases by Gestational Age at Birth (Fresno County, 2017). The highest amount of syphilis births in Fresno County happened at early term and full term, 37-38 weeks & ≥ 39 weeks respectively; 21 congenital syphilis cases were born <37 weeks gestation.

**Figure 2.** Point of treatment for mothers of babies diagnosed with Congenital Syphilis (Fresno County, 2017). 34% of infected mothers received no treatment for syphilis prior to delivery.

**Figure 3.** Fresno County’s Syphilis Infection Rate for Women of Childbearing Age and Congenital Syphilis Rate by Year (2013-2017). Both congenital syphilis and syphilis in women of childbearing age have seen an increase from 2013.

**Figure 4.** Frequency of California’s Syphilis Cases in Women of Childbearing Age (15-44 years old) & Congenital Syphilis Cases by County (2017). Fresno County has the highest number of Congenital Syphilis cases for the 2017 year in the state of California. Fresno County also has a high number of syphilis cases in women of childbearing age.

**Table 1.** Fresno County’s Congenital Syphilis Infection Aggregated Incidence by Mother’s Race (2016-2017). In Fresno County, Hispanics have the highest case count; however, Blacks/African Americans have the highest incidence rate.

---

1 Incidence Rate is calculated per 100,000 people
2 According to the CDC, Childbearing age is 15 to 44 years of age
3 Incidence Rate is calculated per 100,000 live births

---

Note: Map is courtesy of California Department of Public Health: Sexually Transmitted Diseases Control Branch.

Note: Rates were calculated using Vital Statistics data for Fresno County. Some data was suppressed due to low case count.

1 Incidence Rate is calculated per 100,000 live births
2 N represents the total cases in that category
3 Hispanic or Latino may include people from any race (i.e. American Indian/Alaskan Native, Asian/Pacific Islander, Black, White, and Multi-Racial)
